DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1, 2 and 4-6 remain rejected under 35 U.S.C. 102(b) as being anticipated by JP 9-25480.

Claim Rejections - 35 USC § 103

3. Claims 1, 2 and 4-7 remain rejected under 35 U.S.C. 103(a) as being unpatentable over JP 9-25480. The claims are obvious because they are anticipated. Anticipation is the epitome of obviousness.
4. Claims 1-7 remain rejected under 35 U.S.C. 103(a) as being unpatentable over WO 96/03473 A1 for the reasons of record in the previous office action.

Response to Arguments

5. Applicant's arguments filed November 24, 2003 have been fully considered but they are not persuasive. Applicant argues that the prior art references do not teach that the disclosed compositions are "azeotrope-like". This is not persuasive because the disclosed compositions meet the limitations of the claims, or overlap substantially with the claimed limitations. In the case where the claimed ranges overlap or lie inside

ranges disclosed by the prior art, a *prima facie* case of obviousness exists. *In re Wertheim*, 541 F.2d 257, 191 USPQ 90 (CCPA 1976); *In re Woodruff*, 919 F.2d 1575, 16 USPQ2d 1934 (Fed Cir. 1990).

The Office does not have the facilities to determine pressure and boiling point characteristics. If applicant can demonstrate that the prior art compositions do not (102) and cannot (103) meet the recitation of "azeotrope like", this should be done via affidavit. Attorney arguments cannot take the place of evidence.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
